

Better informed means better care

Dorset Care Record brings all your health details together so medical and social care staff **can give you the best possible care**

Social Care Alerts, Referrals, Care Packages and Relationships in the DCR

For more information please visit:
news.dorsetcouncil.gov.uk/dcr-staff-area

Objectives

This user guide will help you to

Find alerts from social care settings

Find referrals from social care settings

Find social care packages

Find relationships from social care settings

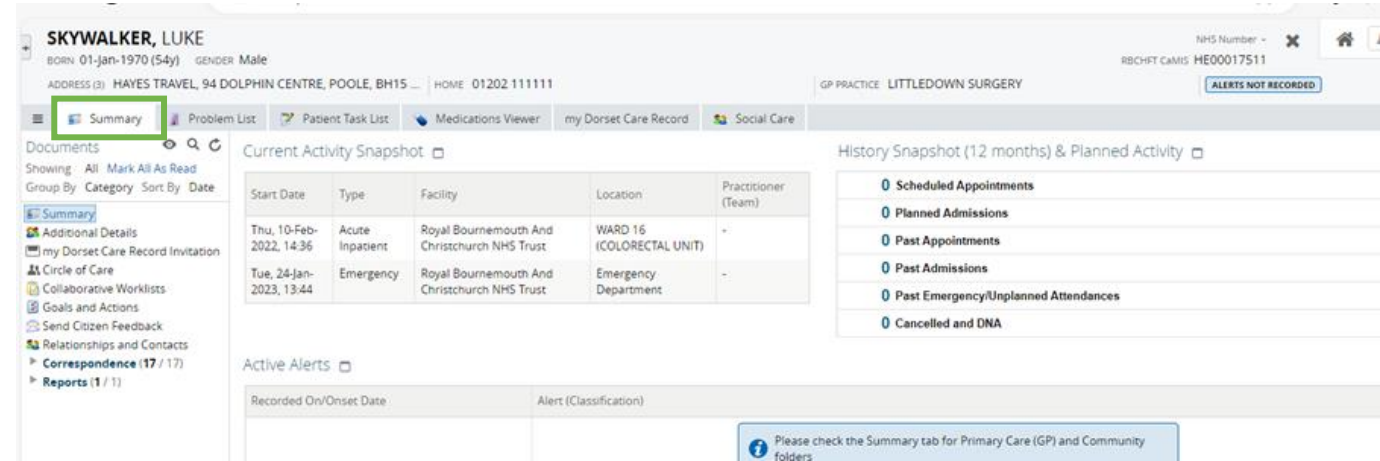

Sort social care alerts, referrals, care packages and relationships

Social Care tab: Location and Information It Contains

When you access a patient's DCR record, this opens on the **Summary tab**.

Social Care is the sixth tab along from the Summary tab.

SKYWALKER, LUKE

Referrals (12 months)

No Known Referrals for this Person from Social Care settings

Care Packages (Active)

No known care package for this person

Relationships (Active)

No Known Relationships for this Person from Social Care settings

Social Care tab: Information It Contains

Note

- Social care data in the DCR may not be exhaustive*

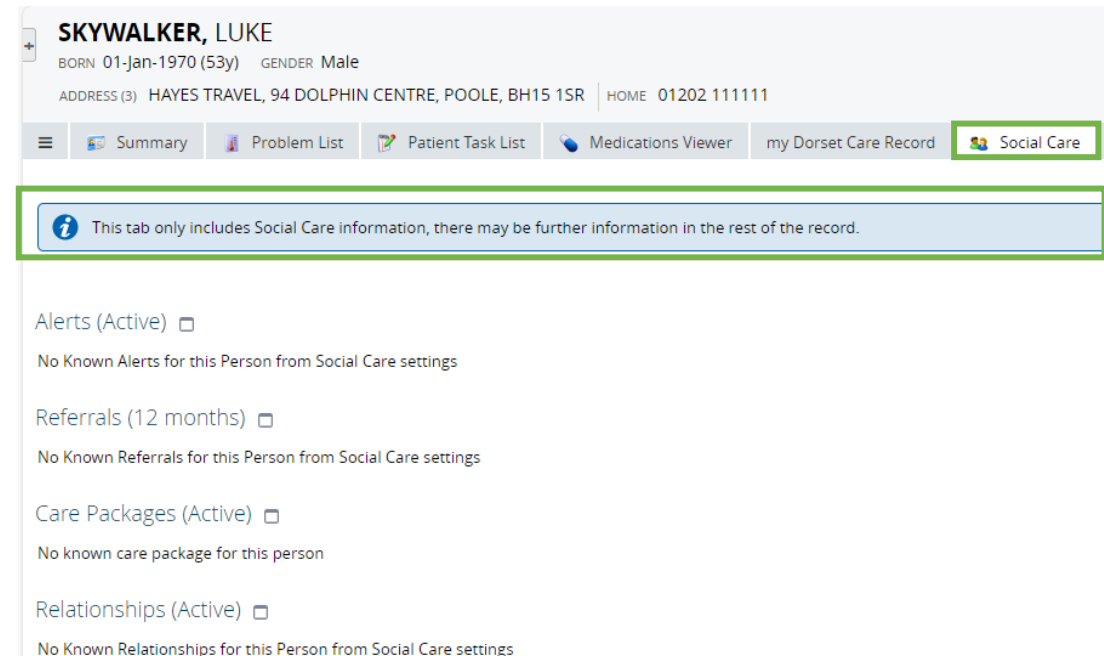

The social care data displayed in the DCR may not be exhaustive because the DCR respects and displays data as provided by the Partners, and there may be additional social care data within the Partners' systems not fed through into the DCR due to its level of sensitivity/restrictions. For example, please note fostering or adoption related care packages are not visible in the DCR (Dec 2023).

- Non-social care related alerts, referrals and relationships information in the DCR*

As outlined at the top of the Social Care tab, there may be **additional** (non-social care related) alerts, referrals and relationships information in the person's **DCR** record.

These will not include information from a social care setting, and are found on the following tabs:

- alerts** on the **Summary tab**, **Medications Viewer tab** and **Problem List tab**
- referrals** on the **Summary tab**, and
- relationships** on the **my Dorset Care Record tab** under the Circle of Care.

The screenshot shows the DCR interface for a patient named **SKYWALKER, LUKE**. The patient's details include: BORN 01-Jan-1970 (53y), GENDER Male, ADDRESS (3) HAYES TRAVEL, 94 DOLPHIN CENTRE, POOLE, BH15 1SR, and HOME 01202 111111. The interface has several tabs: Summary, Problem List, Patient Task List, Medications Viewer, my Dorset Care Record, and Social Care. The **Social Care** tab is selected and highlighted with a green border. Below the tabs, a blue information box states: "This tab only includes Social Care information, there may be further information in the rest of the record." The main content area shows four sections: Alerts (Active), Referrals (12 months), Care Packages (Active), and Relationships (Active). Each section has a toggle switch and a message indicating no known information for this person from Social Care settings.

Social Care tab: Information It Contains

- *Active and Inactive Data*

If the Social Care tab front screen displays **‘No known Alerts/Referrals/Care Package/Relationships from social care settings’** under any of the categories, this means that there is no active/current data to display for that category.

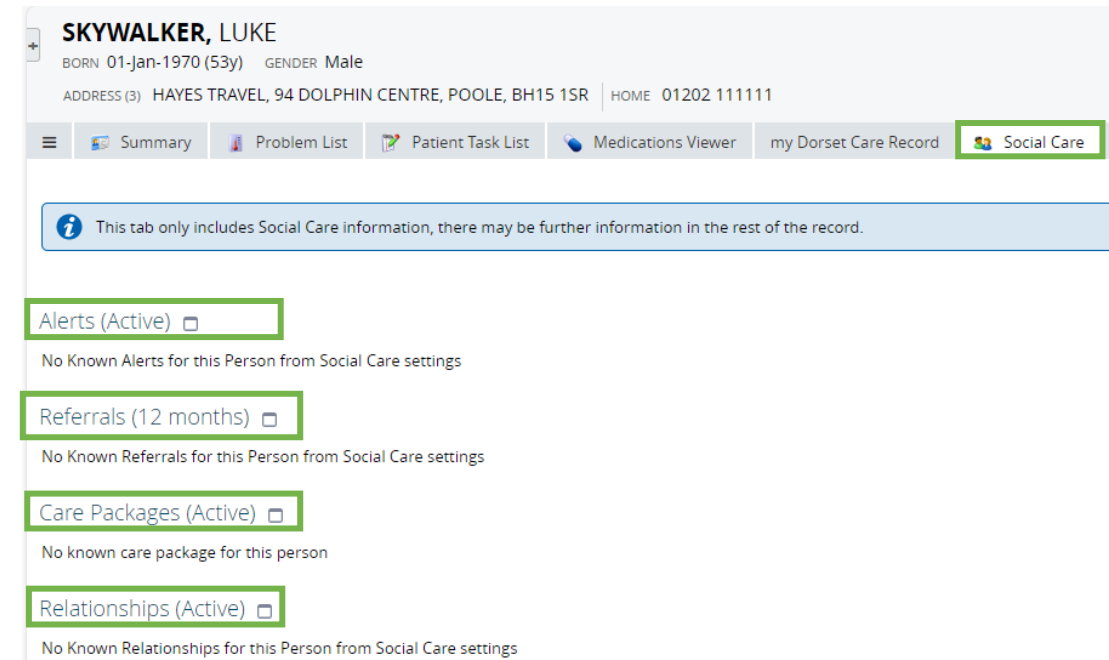

However, click on the **maximize button** ☐ next to a category to see historical social care information present since the day it was first fed thorough from Partner systems i.e. any finished/completed/closed data .

- *Go-live of care packages data in the DCR: End of 2023*

The information on care packages in the **DCR** does not go as far back as the information that may be available in the Partners’ systems.

The **Social Care tab** includes (a) care packages that were active at the end of **2023** on the day of first feed through from the Partners’ systems into the **DCR**, (b) any updates made since to those packages, as well as (c) any new care packages added into the Partners’ systems and fed through.

But it will not include any historically ended care packages that ended before the day of the first feed into the **DCR** from the Partners’ systems.

Alerts Information – From Summary View to Maximised View

Alerts (Active) ☐

Recorded On/Onset Date	Alert (Classification)	Details	Recorded In
Thu, 13-Jul-2023	Adults' Warning		Mosaic by DC on 13-Jul-2023
Thu, 13-Jul-2023	Risk of Injury from Animals/Pets		Mosaic by DC on 13-Jul-2023

Click on the **maximizing button** next to **Alerts (Active)** to replace the front-page summary view of alerts on the **Social Care tab** (as seen in the screenshot above - which shows the *active* social care alerts only) with an expanded view of **all social care alerts**, showing all alerts with an active and finished status (please note, as outlined before, as long as they were active in November 2023 during the first feed into the DCR or have been opened since then).

The title **Alerts (Active)** is replaced by **Alerts (Social Care)**. There are additional columns in the expanded view for **Resolution Date**, **Certainty** and **Status**. The **Alert (Classification)** column is split into two separate columns, one for the name of the **Alert** and another for the **Classification**.

The alerts are presented as **sorted** first by the alerts' **Recorded On/Onset Date** (descending). However, you can click on any of the column headers to sort ascending by that column.

Click on the **X** in the top left corner to close the lightbox view and return to the previous view.

Note

Click on the Social Care tab at the top to return to the front-page summary view of the Social Care tab.

Care Packages Information – From Summary View to Maximised View

Care Packages (Active) ☐

Category	Care Package Type	Status	Care Package Start Date	Care Package End Date	Provider	Provider Contact Number	Recorded In
Adults - Community Services - Home Care	DCF - Home & Community Support - 1 Hour - Urban (LT)	ACTIVE	27-Sep-2023	29-Dec-2023	Agincare Live In Care Services	01258 489480	Mosaic by DC on 28-Sep-2023

Click on the **maximizing button** next to **Care Packages (Active)** to replace the front-page summary view of care packages on the **Social Care tab**, (as seen in the screenshot above - which shows the *active* social care packages only), with an expanded view of **all social care packages**, showing all care packages with an active, finished and cancelled status (please note, as outlined before, as long as they were active during the first feed into the DCR or have been opened since then).

The title **Care Packages (Active)** is replaced by **Care Packages (All)**. There are no additional columns in the expanded view.

A care package (as titled under the Category column) may include several elements (as titled under the Type column). The Care Package Start Date and End Date columns relate to the care package element, not the care package itself. A care package could have different dates to the elements within it.

The care packages are presented as **sorted** first by the **Care Package End Date** (descending), and then by the most recent **Care Package Start Date**. However, you can click on any of the column headers to sort ascending by that column.

The **Category** column includes

- 1) **the service name** e.g. Adults
- 2) **the service group** e.g. Long Stay Residential and Nursing – Residential Care.

The **Care Package Type** column includes the care package element name.

The **Status** column indicates whether the care package element is **active, finished or cancelled**.
